Improving Maleny High's Facilities for our Students

Dear Parents and Friends of Maleny State High School

The Maleny State High School P&C is seeking parent and community assistance to raise funds to buy new curtains for our school Activities Centre (hall). This year we are staging *High School Musical* as our own school musical. This will be a wonderful experience for our students, and an entertaining performance, but it is very clear that the current stage curtaining is badly in need of replacement. It is eighteen (18) years old and has served the Maleny High community well through countless assemblies, performances and events. A quote has been obtained and an amount in the vicinity of \$14 000 will allow the school to replace the curtains with a high quality, purpose-made and durable product that will restore our stage to a more functional and appealing level.

You may not be aware that donations to the P&C Building Fund are tax deductible and, with the end of the financial year fast approaching, parents and community members may be looking for a deduction to put towards their income tax. Any donation over \$2 is tax deductible. This would be a valuable, as well as highly valued, project and Maleny High would welcome your generosity and support.

We are asking for a donation of \$40 per family towards our building fund. Over the course of a school year, a donation of this amount equates to just \$1 per week. In real terms, the cost of supporting an important project such as this, that enhances and improves our school environment and directly benefits our students, would cost less than a café latte a month!

If you are interested and able to donate, please complete the financial details below. Receipts, for taxation purposes, will be emailed out at the end of the financial year. Our young people deserve the best facilities that we can offer. Rest assured that your donations will go towards improving the facilities and environment for the students of Maleny State High School. On behalf of the school and the P&C, thank you for your contribution to building a more positive future for our young people.

Yours sincerely
